Please wear loose fitting pants, no jeans please it is much easier for girls to field if they are not wearing jeans. If there is snow on the ground please bring in clean dry tennis shoes.

Parent participation is encouraged. We will have many of the high school girls helping, but if your daughter is 10 and under it will help for her to have an adult partner to throw to. We will spend less time chasing balls and be able to encourage them to throw harder.

We are going to work hard this year on teaching basic fundamentals. We would like everyone to understand the points that we are trying to teach.
